Re: Patent Application No. 10/716,325 – USPTO errors in the title of the patent and inventor's name

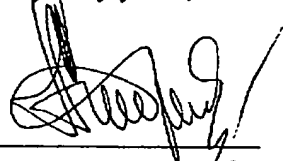

Having received the Notice of Allowance and Fee(s) Due, we are concerned that it contains the following errors:

1. The title of invention has a misspelled word "SYTEM" instead of the proper spelling "SYSTEM". The correct title is: METHOD AND COMPUTER-BASED SYSTEM FOR NON-PROBABILISTIC HYPOTHESIS GENERATION AND VERIFICATION. Please note that both the initial application and the following amended version were submitted by us with the correct spelling. Please make sure the issued and published patent has a correct title.

2. The Notice shows second inventor's first name as DMITRY, whereas in Change of Inventor's Name Notice earlier submitted by us we informed that the second inventor has legally changed his first name to MICHAEL. Please correct.

3. The Notice shows inventors' address incorrectly. The correct address is: 10273 E. Emily Drive, Tucson, AZ 85730. Please correct.

Very truly yours,

Leonid Andreev, Applicant
